PROFESSIONAL EXPERIENCE

Web Developer

2024–Present

Acgile, Islamabad

- Developed dynamic Web Applications using NextJs, Laravel, and WordPress, ensuring seamless user experiences.
- Implemented Headless CMS architectures by integrating WordPress as a content management backend and building modern frontends using NextJs and Tailwind CSS.
- Designed and developed GraphQL API's to efficiently fetch data from WordPress, optimizing performance and scalability.
- Collaborated with cross-functional teams to deliver responsive, user-friendly web interfaces, adhering to agile development practices.
- Ensured code quality and scalability through thorough testing and adherence to best practices in modern web development.

Senior Web Developer

2022–2023

IMDigisol, Peshawar

- Led redesign of e-commerce platform using React + NodeJs, boosting user retention.
- Led the redesign of the company's main website, resulting in an improvement 30% in load times and an increase in user retention.
- Developed a custom bidding system for clients that facilitated real-time auctions, using technologies such as ExpressJs, WebSockets, and MongoDB.
- Collaborated with the design team to implement responsive web designs, enhancing the mobile user experience and increasing mobile traffic.
- Conducted code reviews and provided mentorship to junior developers, improving overall code quality and team efficiency.

Web Developer

2021–2022

IMOlympiad, Peshawar

- Created event registration portal with **WordPress/React** with multi user roles.
- Integrated secure payment API's for online payments.
